\$1.55 Billion Jackpot

The Mega Million lottery drawing being held on Tuesday the 8th of August 2023 currently has a jackpot of \$1.55 Billion dollars. It's the largest Mega Millions jackpot ever.

To celebrate this, we have done some analysis on all of the drawings since the last jackpot was won and have added them into this special bonus download just for members of Lottery Predictor.

In this bonus download we will reveal the following.

- Which 9 balls HAVE NOT BEEN DRAWN since the last jackpot was won.
- Which 4 balls HAVE BEEN DRAWN THE MOST since the last jackpot was won.
- Which Mega Millions balls HAVE NOT BEEN DRAWN since the last jackpot was won.
- Which Mega Millions balls HAVE BEEN DRAWN THE MOST since the last jackpot was won.
- The sum of all the balls for each drawing since the last jackpot was won.
- The range of balls you should pick from for each number.
- A bonus Mega Millions wheel based on these findings.
